## SUMMARY

I am an energetic and ambitious software engineer with expertise in full stack development who possesses unwavering knowledge and skills of Python, Django and React.js. Further, my history of building and releasing web apps has seen me accumulate substantial exposure to engineering principles and most advantageous practices. An aspect of my personality is that I am a rapid learner with the ability to use her newly acquired technologies to tackle complicated issues. Most importantly, I am motivated towards working on innovative projects while engaging with other people so as to produce the best quality software products.

## EDUCATION

### Bachelor of Information Science and Engineering

12/2022 - 05/2026

-P.E.S College of engineering (PESCE), Mandya

GPA:8.4(till 3rd sem)

## SKILLS

- **Programming Languages:** Python , C , Java
- **Web Development:** HTML, CSS, JavaScript, React.js, Django
- **Databases:** SQL, MongoDB , Firebase
- **Tools:** VScode , Flutter flow , Andriod Studio , Xampp , Ms Word , PowerPoint , Canva, Tableau .
- **Version Control:** Git & Github
- **Additional Skills:** Data Structures and Algorithms (DSA), Responsive Design, OOPs with Java
- **Soft Skills:** Resolving Problems, Learning Quickly, Accepting Feedback, Time Management, Team Collaboration, effective Communication, Growth Focused, Responsible, Flexible.

## PROJECTS

### Alumni Management System

PESCE

12/2023 - 01/ 2024

**Technology Stack:** PHP, Xampp, MySQL,frontend

- Facilitates stronger connections among alumni, current students, and the institution.
- Enables effective management and analysis of alumni data for better engagement.
- Provides access to job postings, internships, and professional development resources.
- **Learning:** Gained expertise in full-stack development, project management, user-centric design, data analysis, and database management systems.

### ClubSphere

PESCE

02/2024 - 03/2024

**Technology Stack:** HTML, CSS, JavaScript

- Improves communication and interaction among club members and administrators.
- Facilitates efficient organization and promotion of club events.
- Provides easy access to club news, updates, and resources.
- **Learning:** Gained expertise in HTML, CSS, and JavaScript for creating dynamic web interfaces.

### VirtualClassroom

PESCE

05/2024 - 06/ 2024

**Technology Stack:** HTML, CSS, JavaScript, Bootstrap, Firebase

- Provides a single platform for accessing study materials, roadmaps, and notes, streamlining the learning process.
- Enables video calls, class meetings, and efficient assignment submission, enhancing interaction and academic workflow.
- **Learning:** Acquired knowledge in platform integration, user experience design, video communication tools, and efficient data management.

### ThoughtFlow

Bharath Intern

05/2024 - 06/2024

**Technology Stack:**Node.js and MongoDB

- Empowers users to easily write, edit, and delete blogs, fostering creativity and self-expression.
- Creates a platform for users to share ideas and engage with a broader audience, promoting knowledge exchange.
- **Learning:** Developed skills in Node.js, MongoDB, CRUD operations, and full-stack web development.

### ATM interface

Codsoft

12/2023 - 01/2024

**Technology Stack:**Java Programming

- Improves ATM efficiency and security using OOP principles, resulting in more reliable and maintainable systems.
- **Learning:** Mastered OOP concepts in Java, enhancing system design and code organization for practical applications.

## INTERSHIPS & CERTIFICATES

- **Intern at AICTE (Embedded Systems)** - Gained essential experience in designing and implementing embedded systems while working on microcontroller-based projects.
- **Intern at Codsoft (Java Programming)** - Developed Java-based applications with a focus on object-oriented programming principles and the software development lifecycle
- **Intern at BharathIntern (Full Stack Web Development)** - Loved to work in developing and deploying full stack web applications using MongoDB, Node.js
- **Certified for Strategy Formulation and Data Visualization from IIT Madras.**
- **Infosys Springboard Certifications :** C , Python , DSA .

## ACHIEVEMENTS

- **Websculpt Showdown Winner (PES College of Engineering, Mandya)**
- **2nd Runner-up in Project Expo (AIT Chikmagaluru)**
- **Runners at IDEATHON-2024 (PES College of Engineering , Mandya)**
- **Winner at Code Crackdown (PES College Of engineering )**
